Two services, one church

10.30am Traditional Service

- Traditional service, with organ music and Anglican liturgy
- Geared towards current congregation of traditionally Anglican and age >50+
- Expected mix will be predominantly >50, but we will focus on rebuilding the Sunday school to encourage more kid/family friendly attendance

4pm Contemporary Service

- Contemporary service with music band
- Geared towards students & young professionals living in new developments (8k newly built flats in the area)
- Expected mix will be younger, but eventually we would like to encourage young families by offering Sunday school at the 4pm service as well
